Catalog Supplement 2010-2011

a supplement to the 2009-2011 Catalog

The supplement contains financial information, university statistics and the calendar for the 2010-2011 academic year, and any new or essential courses or degree programs.

Information in the 2010-2011 Catalog Supplement is accurate as of the date of publication.

Biola University reserves the right to make changes in policies, regulations, and fees, giving reasonable notice of changes made that may impact student requirements.

The supplement is to be used with the Biola University 2009-2011 catalog for a better understanding of the programs offered by the university.

GENERAL INFORMATION

FINANCIAL INFORMATION

Biola University seeks to provide a quality education for all its students at the most reasonable cost possible. As a private, nonprofit institution, Biola University receives no support from taxes or other public funds. Tuition paid by the students does not cover the costs of providing a quality education. Consequently, every student who attends Biola University receives a substantial subsidy made possible by the gifts of alumni, individual friends, interested churches and, in a few cases, businesses and corporations.

The expenses of students at Biola University are shown in the following schedules and in the individual course descriptions listed in this catalog. Tuition and fees are subject to change in the second year of the two-year catalog. The University reserves the right to change all student charges, modify its services, or change its programs of study should economic conditions, curriculum revisions or national emergency make it necessary to do so.

Application Fee

An application fee of \$45 must accompany each application. This fee is non-refundable. Applications for spring received after January 1, or for fall received after March 1 must be accompanied by a fee of \$10, bringing it to a total of \$55. Applications for fall graduate study received after July 1 must be accompanied by a fee of \$55.

Room

Amounts reflect two or more occupants

Per year in residence hall	\$4,270 – \$4,790
Per semester	\$2,170 – \$2,395

Meal Plan

Meal Plans *(required for all undergraduate resident students)*

Per year	\$2,860 – \$4,030
Per semester	\$1,430 – \$2,015

Graduate Student Housing Rates

Biola owns and leases apartments in the local community to provide housing for single and married graduate students. Some apartments are furnished and provide housing for single graduates at a per person, per month rate which is based on the number of occupants per bedroom. Unfurnished one- and two bedroom units located in two complexes near campus provide housing for couples and singles at a per apartment, per month rate. For information on availability, locations and rates contact Auxiliary Services at grad.housing@biola.edu or at (562) 944-0351, ext. 5814.

Furnished single-student housing:

Double occupancy per bedroom	\$494 / person / month
Single occupancy per bedroom	\$624 / person / month

Unfurnished apartments *(married housing)*

One-Bedroom	\$894 / month
Two-Bedroom	\$1,140 / month

Transportation	\$963	\$729	\$1,080
TOTAL	\$34,716	\$38,082	\$41,160

Payment Options

A student's account must be current (no outstanding balances) prior to re-enrollment in subsequent sessions. Cost of tuition, room and board and special fees may be paid in one of the following ways:

PLAN 1

Payment of each session in full on or before the day of registration.

PLAN 2*

A down payment at the time of registration with payment of any remaining balance by the first payment due date (October 15 - fall semester; March 15 - spring semester). Down payments include 60% of the balance of tuition, room and board, class fees, vehicle registration, and health insurance charges less confirmed financial aid. No finance charges are assessed.

PLAN 3*

A down payment as described in PLAN 2 with the remaining balance in three payments (October-December or March-May). A finance charge of 1.32% per month of unpaid balance is added at each billing to carry the account. All payments are due in the Student Accounting Office on or before the 15th of the month as indicated in the billing summary. Please note: This payment plan is not available for students enrolling in off-campus programs.

* A \$50 fee is assessed for all deferred payment plans. This fee may be waived if payments are scheduled for automatic payment (bank or credit card).

Personal Checks

All personal checks submitted for any payment to the University for any charge or payment will have your student ID number written on them. If you prefer not to have your ID number written on your check, please submit your payment by cashier's check, money order or when appropriate (other than "mail-in" payments) in cash. University staff will write student ID numbers on checks where a student has not already done so.

DOWN PAYMENT

Minimum down payments¹ are calculated according to the following schedule:

UNDERGRADUATE — 12-18 UNITS

On-Campus	\$11,302
Off-Campus	\$8,656
1-3 units	100%
4-6 units	75%
7 units & above	60%

TALBOT MASTER'S 1 & 3 — 9 UNITS

On-Campus	\$5,168
Off-Campus	\$2,522
1-3 units	100%
4-6 units	75%
7 units & above	60%

GRADUATE PSYCHOLOGY 2 — 9-16 UNITS

On-Campus	\$11,129
Off-Campus	\$7,821
1-3 units	100%
4-6 units	75%
7 units & above	75%

Notes

¹ Down payments include the amounts shown on this schedule plus the applicable percentages for class fees, vehicle registration and charges for health insurance.

² Down payments in the graduate psychology program include the amounts shown on this schedule plus the applicable percentages for class fees vehicle registration, and charges for health insurance. In addition, 75% of the applicable Professional Growth Fee must be paid at the time of registration.

³ Assumes 9 units per semester.

Finance Charges

A finance charge of 1.32% per month of unpaid balance is added at each billing to carry the account. Transcripts (official and unofficial) are withheld if a student has an outstanding obligation to the University or is in default on any government based loans. All payments to a student's account after enrollment should be addressed as follows:

Accounting Department

Biola University
13800 Biola Avenue
La Mirada, CA 90639-0001

In addition, to insure timely processing, the student name and ID number must be clearly noted on all payments. A student is not registered and cannot attend classes until satisfactory financial arrangements have been made with the Student Accounting Office.

REFUNDS—WITHDRAWAL

Inasmuch as faculty engagements and other commitments are made by the University for the entire year in advance, the following refund schedule has been established in order that the University and the student may share the loss equitably when it is necessary for a student to withdraw from school:

REFUND SCHEDULE FOR BOLD

(see program Student Handbook)

FALL & SPRING SEMESTER REFUND POLICY

Withdrawal within the first two weeks of classes:

- 1. Tuition:** full amount, less enrollment deposit
(students with six or fewer units, \$25; auditors, \$20).
- 2. Room:** end of the week in which the student officially checks out of the residence hall.

Withdrawal after the second week and before the end of the eighth week of classes (except for special programs):

- 1. Tuition:** pro-rated as of end of week in which student withdraws.

Week 3	80%
Week 4	74%
Week 5	67%
Week 6	60%
Week 7	54%
Week 8	47%

- 2. Room:** end of the week in which the student officially checks out of the residence hall.

Withdrawals after eighth week of classes:

- 1. Tuition:** No refund.
- 2. Room:** end of the week in which the student officially checks out of the residence hall.

First-time students receiving Federal Student Financial Assistance are subject to the Statutory Pro Rata Refund as prescribed by federal law.

INTERTERM & SUMMER SESSION REFUND POLICY

- Room and Board is pro-rated to the end of the week of official withdrawal.
- \$25 of the tuition charge is considered a registration fee and is non-refundable.
- Official withdrawal from summer session must be made through the Office of the Registrar. Refund rates are determined by the date in which the written request for registration change or withdrawal was made. Refunds are subject to the following schedule:
 - First two days: complete refund.
 - In a three or five week class, 70% day three and four, 30% refunded during the second week, none thereafter.
 - Classes that do not fall within the regular session dates will still follow the refund schedule under the first session. All arranged courses follow the refund schedule of the first session.

No course may be dropped after its ending date, and no tuition will be refunded if a student unofficially withdraws after the final day to officially drop a class has passed. Class fees are not refundable after the second day of the session.

Tuition refunds for class changes (where applicable) will be made in the same manner as refunds for withdrawals (i.e., full refund within first two weeks of classes and pro-rated refund after second week until end of eighth week).

All refunds must be requested by properly completing and submitting a departure card or class drop form, the official withdrawal date determining the amount of refund. Class, laboratory, health, insurance, parking, activity and other fees are refundable only if withdrawal is on or before the final date of late registration.

Music fees are for private music lessons and are refundable in the same manner as tuition, except no refund after the sixth week.

As Biola is an educational institution, any balance owing on a student's account is an extension of credit by the University and is considered an educational loan within the meaning of section 523 (a) (8) of the U.S. Bankruptcy Code. If a loan becomes in default, Biola may disclose the default, along with other relevant information, to credit bureau organizations and turn the educational loan over to a collection agency for collection. Should this action be instituted by the University, there will be additional charges for reasonable collection of the balance due. All transcripts and diplomas shall be withheld until the outstanding amount is paid in full. An account is considered paid in full when all checks clear the bank.

REFUNDS—OVERPAYMENT

Payments to student accounts which result in a credit balance will be refunded upon request, or in accordance with cash management regulations as required by federal regulations for students having federal aid. Requests for adjustments to charges must be made within four months from the date of the student's statement on which the charge first appears.

Graduation Rate Disclosure

Of the full-time, degree-seeking, first-time freshmen who entered Biola University in Fall 2003 and three years prior, the average graduation rate for the three years of cohort classes is 69.4%. This graduation rate is used to estimate the number of graduates from the incoming freshmen class who may complete their degrees. Some of our undergraduate major programs, which contain our largest enrollments, are longer programs that may take five or more years to complete.

GENERAL COURSE INFORMATION

Announcement of Courses

Courses listed in this supplement represent only those new or essential courses/programs. This supplement is to be used with the 2009–2011 University Catalog.

Numbering of Courses

Courses numbered 100 to 299 are lower division (primarily for fresh-men and sophomores). Courses numbered 300 to 499 are upper division (primarily for juniors and seniors). Courses numbered 500 and above are graduate level.

The course numbering system is designed to indicate the relative academic level of courses in this manner:

100–499	Undergraduate, baccalaureate-level courses.
500–700	Graduate level, normally indicating first through third year beyond baccalaureate.
800–999	Postgraduate level, indicating fourth year beyond baccalaureate.

In general, odd-numbered courses are offered in the fall and even numbered courses are offered in the spring. Courses ending in zero usually are offered each semester or either semester. Not all courses are offered every year.

The units of credit are indicated by the number after each course title. The University reserves the right to withdraw any courses for which there is insufficient registration or lack of faculty resources.

Note: Biola University reserves the right to change any and all student charges, modify its services, or change its curriculum or programs of study should economic conditions, curricular revisions or other relevant factors make it necessary or desirable to do so. While every effort is made to insure the accuracy of the information in this catalog, Biola University has the right to make changes at any time without prior notice.

SCHOOL OF ARTS & SCIENCES

ART

Faculty

Chair

Loren Baker

Studio Art

The Bachelor of Science Degree in Studio Art is offered for individuals desiring a liberal arts degree providing a broad foundation experience in the visual arts. It requires the completion of 48 units, including 18 units in the Foundation Core and 30 units of electives. This degree is specifically designed for students who want to graduate with either a double major or an art major with a minor in another academic discipline.

GENERAL EDUCATION REQUIREMENTS

General education requirements for the Bachelor of Science Degree in Studio Art must conform to the university standard for B.S. degrees. All art majors are required to take the following courses:

PHIL 216	Introduction to Philosophy & Aesthetics	Units: 3
BBST 465	Integration Seminar Integration Seminar: Art & the Bible	Units: 3

FOUNDATION CORE (18 UNITS)

ARTS 107	Drawing I	Units: 3
	OR	
ARTS 108	Figure Studies I	Units: 3
ARTS 109	Digital Tools	Units: 3
ARTS 110	2-D Design	Units: 3
ARTS 111	3-D Design	Units: 3
	OR	
ARTS 112	4-D Design	Units: 3
ARTS 126	History of Western Art II: Renaissance through Romanticism	Units: 3
ARTS 311	Modernity: Realism to Surrealism	Units: 3

ELECTIVES (30 UNITS)

Choose 2 courses from the following list (6 units).

ARTS 210	Sculpture I	Units: 3
ARTS 211	Ceramics I	Units: 3
ARTS 213	Painting I	Units: 3
ARTS 221	Photography I-Introduction to Darkroom & Digital Processes	Units: 3

Choose 1 upper division art history course from the following (3 units):

ARTS 315	Contemporary Art Trends	Units: 3
ARTS 433	Global Art Paradigms	Units: 3

Choose seven (7) upper division art electives (21 units).

Courses (ARTS)

ARTS 107	Drawing I An introduction to drawing, perspective, line, shape, value texture and composition. Fee: \$60.	3
ARTS 108	Figure Studies I An introduction to the fundamentals of drawing and sculpting the human figure from gesture to finished work. This course will focus on the structure and dynamics of the human body and its expressive potential. Fee: \$60.	3
ARTS 109	Digital Tools An introduction to the terms, tools and techniques of visual computing for artists using the Macintosh platform. This course is designed to train students with basic computer skills and programs such as Adobe Photoshop and Illustrator and to insure digital literacy. Fee: \$90.	3
ARTS 110	2-D Design A foundational course to establish visual design concepts. This course examines elements and principles of two-dimensional design. Fee: \$90.	3
ARTS 111	3-D Design A foundational course to establish visual design concepts. This course examines elements and principles of three-dimensional design. Fee: \$90.	3
ARTS 112	4-D Design Introduction to time—the fourth dimension—and timebased artworks, including installation, performance art and video. Studio exploration with emphasis on historical and current issues as they apply to individual direction and expression in time. Prerequisites: 110, 111. Fee: \$90.	3
ARTS 126	History of Western Art II: Renaissance through Romanticism Second in a two-part survey of Western visual art and architecture, this course covers the great artistic contributions from the Renaissance to the mid-19th century. Works of art and architecture are discussed in terms of style, meaning and social context. Field trips to area museum to examine original art from each era. Prerequisites: 116. Fee: \$60.	3
ARTS 210	Sculpture I Introduction to the methods, materials, and tools of sculpture and general concepts of sculptural form. Prerequisites: 111. Fee: \$90.	3
ARTS 211	Ceramics I An introduction to wheel technique and beginning throwing skills. Formulation of basic glaze applications in the development of fire ceramics will be emphasized. Fee: \$90.	3

ARTS 213	Painting I Basic color theory and painting techniques. Traditional to contemporary styles will be explored. Prerequisites: 107. Fee: \$60.	3	ARTS 319	Figure Studies II Extensive investigation of the figure. Emphasis is placed on a broad approach to understanding and interpreting the human figure.	3
ARTS 221	Photography I-Introduction to Darkroom & Digital Processes A survey of contemporary art photography, introducing the practices of darkroom, digital, black and white, and color photography, with an emphasis on technical and conceptual aspects. Prerequisites: 109. Fee: \$90. Highly recommended that students own or have access to both 35mm film and digital SLR cameras.	3	ARTS 321	Historical Development of Design An investigation of issues and ideas in the history of design, focusing on the development of the image from the icon to motion graphics. Individual designers and significant design movements will be covered.	3
ARTS 304	Ceramics II Continued individual development in all areas of ceramics. Introducing vessel construction from hand-built techniques, low fire glaze applications and an introduction in firing the kilns. Prerequisites: 211. Fee: \$90.	3	ARTS 322	Photography II Focused exploration of black and white photography covering creative, technical and historical aspects.	3
ARTS 305	Sculpture II Emphasizes sculptural aesthetics and appropriate technology. Focus on formulating a conceptual and technical basis for work. Prerequisites: 210. Fee: \$90.	3	ARTS 323	Photography III Extensive exploration in studio problems with emphasis on historical and current issues as they apply to individual direction and expression in photography using either color and / or black and white photography.	3
ARTS 306	Elementary Art Workshop Developing and preparing art assignments suitable for elementary school pupils. Fee: \$90.	3	ARTS 326	Printmaking An introduction to screenprinting techniques and other mixed media alternative printmaking methods, including monoprinting.	3
ARTS 307	Drawing II Exploration of the overlapping relationships of traditional and experimental methods of drawing: to include processes, tools, and surfaces. Concentration on issues of formal, narrative, and symbolic development with emphasis placed on finished works of art. Prerequisites: 107, 108. Fee: \$60.	3	ARTS 327	Installation & Performance Art I Interdisciplinary studio exploration in installation and performance studies. Course will focus on studio practice with an emphasis on the history of installation and performance art.	3
ARTS 311	Modernity: Realism to Surrealism The history of painting, sculpture and architecture from 1850 to 1940. Major aesthetic issues that shaped 20th Century art and influenced the early 21st Century will be examined. Prerequisites: 116, 126. Fee: \$90.	3	ARTS 331	Digital Photography I Studio exploration in color photography via digital photo production. Emphasis placed on a professional print-quality workflow, color photographic issues, digital image manipulation, as well as theory relating to digital photography.	3
ARTS 312	Letters & Symbols Typography, icon study, and application. This course explores how type advances the meaning and visual strength of a message, idea, or communicative device. The class also includes the consideration of the meaning of symbols and non-typographic forms as they apply to visual communication. Discussions will include consideration of art history and its influence within communication design practice. Prerequisites: 112. Fee: \$90.	3	ARTS 333	Graphic Design Forms I A critical exploration of current graphic design forms emphasizing core design competencies including color theory, image-text integration and problem solving. A variety of software applications such as Adobe Illustrator, Photoshop and InDesign are used in investigating mass media and examining particular strategies, imagery and delivery.	3
ARTS 314	Integrated Design I Students develop methods of visual communication that draw on the cumulative experience of 2-D, 3-D, and 4-D coursework. Through the use of digital / analog tools and readings related to the history of design, exploration of creative ideas and processes are related to communication design with an emphasis on developing individual styles and concepts. Prerequisites: 112. Fee: \$90.	3	ARTS 334	Photography III-Advanced Black & White Photography Focused exploration of black and white photography covering its creative, technical and historical aspects. Emphasis will be placed on darkroom techniques, some advanced digital black and white will also be explored.	3
ARTS 315	Contemporary Art Trends A study of art produced since World War II, focusing on current movements within the international art community. Prerequisites: 311. Fee \$90.	3	ARTS 341	Animation I Interdisciplinary studio exploration in analog and digital animation. Course focuses on experimental and theoretical movement, and choreography systems investigating culture and identity.	3
ARTS 316	Photography II-Studies in Color A studio exploration of color photography using digital and film techniques. Emphasis placed on color theory, contemporary issues, and the technical skills of artificial lighting and professional digital printing workflow.	3	ARTS 344	Contemporary Photographic Practices Advanced studio exploration in contemporary photographic trends, including mixed media, installation, collaboration, and various new media.	3
			ARTS 345	Digital Photography II Advanced studio exploration in color and / or black and white digital photo production. Emphasis placed on developing a personally directed body of work, producing a professional print portfolio, and understanding contemporary photographic trends.	3

ARTS 348	Video Art I Exploration of video art including formal, conceptual, and narrative approaches. Emphasis on the use of video as a creative medium for personal expression and on the history of video and film art.	3	ARTS 436	Graphic Design Forms II Advanced study and analysis of graphic design forms emphasizing sequential systems and pacing. Using a variety of software applications, students are exposed to all areas of production, including printing and pre-press technologies.	3
ARTS 352	Installation & Performance Art II Advanced interdisciplinary studio exploration in installation art and performance art studies. Emphasis is placed on the architecture, choreography and psychology of body and space.	3	ARTS 441	Critical Thought An intensive, reading seminar focusing on writings that have influenced contemporary art criticism and theory. Course will focus on specific authors and / or themes that have impacted the production and discussion of art within the 21st Century.	3
ARTS 354	Video Art II Advanced studio exploration in video art studies. Emphasis placed on the history of video and film art.	3	ARTS 442	Web Design II An advanced course in web site production emphasizing creative and technical skill development. Students examine current directions in web site management, user interface design, information architecture and scripting.	3
ARTS 408	Drawing III Extensive exploration in studio problems with emphasis on historical and current issues as they apply to individual direction and expression in drawing.	3	ARTS 450	Internship Apprenticeship program designed to give students first-hand exposure to professional artists, designers and art institutions. Internships individually tailored to meet the needs of the student. Approved internship experiences require student to complete a minimum of 120 hours with one or more mentors or organizations.	3
ARTS 410	Seminar in Art Individual or group study under faculty direction with an emphasis in art history, studio and creative research.	1-6	ARTS 462	Advanced Studio Practicum Independent research in advanced studio practices under the direction of a faculty member.	1-3
ARTS 413	Painting III Extensive exploration in studio problems with emphasis on historical and current issues as they apply to individual direction and expression in painting.	3	ARTS 464	Advanced Studio Practicum Independent research in advanced studio practices under the direction of a faculty member.	1-3
ARTS 415	Sculpture III Advanced sculptural concepts emphasizing individual development of style, aesthetic ideas, and continuation of media exploration.	3			
ARTS 423	Integrated Design II A consideration of psychological, technical and aesthetic concerns relating to various types of communication design including 2-D, 3-D and 4-D forms. Emphasis on production processes. Discussions will include consideration of art history and its influence within communication design practice.	3			
ARTS 428	Web Design I Exploration in studio problems with emphasis on the psychology of interactivity and interface design as they apply to individual direction and expression in web site production.	3			
ARTS 429	Integrated Design III Advanced research and studio exploration within the arena of communication design. Emphasis is placed on developing design with a critical understanding of culture and identity.	3			
ARTS 432	Advanced Integrative Photography Extensive exploration in studio problems with emphasis on historical and current issues as they apply to individual direction and expression in photography using either color and / or black and white photography.	3			
ARTS 433	Global Art Paradigms Investigation of non-western art and architecture in relationship to its currency within the global contemporary art scene. Emphasis is placed on the influence of major forms, functions and materials used by the peoples of Asia, Africa, Oceania and the Americas in regards to contemporary art.	3			
ARTS 434	Interdisciplinary Investigations A cross-discipline studio and theory seminar focusing on individual and collaborative thematic investigations.	3			

BIOLOGICAL SCIENCES

Faculty

Chair

Matt Cruzen

Environmental Science

DEGREE PROGRAM

A Bachelor of Science degree in Environmental Science is offered upon completion of the university baccalaureate and major requirements. Students are encouraged to take courses during summers at either the Au Sable Institute of Environmental Studies Great Lakes Campus in Michigan, or the Pacific Rim Institute for Environmental Stewardship on Whidbey Island in Washington, or a semester with the Creation Care Studies Program in either Belize or New Zealand.

Note: All Environmental Science majors automatically meet the general education requirement of eight units of science and mathematics. The foreign language requirement is met by two years in high school or the first four units in college.

ENVIRONMENTAL SCIENCE CONCENTRATION (68-70 UNITS)

A minimum of 42 units in biology or environmental studies.

Required Biological Science Courses

BIOS 103	Introduction to Environmental Science	Units: 3
BIOS 112	General Biology II	Units: 3
BIOS 112L	General Biology II Laboratory	Units: 1
BIOS 318	Biostatistics	Units: 3
BIOS 222	Botany	Units: 4
BIOS 401	General Ecology	Units: 4
BIOS 470	Seminar in Advanced Biology	Units: 1
BIOS 480	Internship	Units: 1

Organismal Biology Courses

Choose two courses from the following offerings:

BIOS 301	Vertebrate Biology	Units: 3
BIOS 351	Invertebrate Biology	Units: 4
BIOS 352	Marine Biology	Units: 4
BIOS 362	Natural History of Southern California	Units: 3
BIOS 402	Parasitology	Units: 4

Natural Resource Management Courses

Choose eight units from the following offerings:

BIOS 303	Ecological Agriculture	Units: 4
BIOS 306	Land Resources	Units: 4
BIOS 307	Water Resources (Limnology)	Units: 4
BIOS 371	Conservation Biology	Units: 4
BIOS 372	Restoration Ecology	Units: 4
BIOS 390	Au Sable Institute of Environmental Studies	Units: 4
BIOS 430	Topics in Natural Resource Management	Units: 1-4

Environmental Policy and Ethics Courses

Choose eight units from the following offerings:

BIOS 305	Global Development and Ecological Sustainability	Units: 4
BIOS 353	Environmental Ethics	Units: 4
BIOS 354	Bioethics	Units: 4
BIOS 355	Environmental Health: An Ecological Perspective	Units: 4
BIOS 390	Au Sable Institute of Environmental Studies	Units: 4
BIOS 410	Topics in Environmental Science	Units: 1-4

Supporting Science Courses

Twenty-six units of supporting sciences from the Departments of Physical Science and Chemistry are required including:

CHEM 105	General Chemistry I	Units: 4
CHEM 106	General Chemistry II	Units: 4
CHEM 320	Basic Organic and Biochemistry	Units: 3
CHEM 332	Environmental Chemistry	Units: 4
PHSC 103	Geology	Units: 3
PHSC 111	Physics I	Units: 3
PHSC 111L	Physics I Laboratory	Units: 1
PHSC 112	Physics II	Units: 3
PHSC 112L	Physics II Laboratory	Units: 1

Courses (BIOS)

BIOS 103	Introduction to Environmental Science An interdisciplinary approach to the study of the environment using concepts from ecology, biology, chemistry, geology, the social sciences and scripture to understand the interplay of natural resources, how humans are affecting the environment, and how to deal with environmental problems.	3
BIOS 112	General Biology II Continuation of general biology emphasizing the principles of human physiology, ecology and homeostatic mechanisms.	3
BIOS 112L	General Biology II Laboratory This laboratory, which accompanies General Biology II, will involve dissection as well as experimentation. A field project involving the La Mirada Creek is included. Lab fee: \$60.	1

BIOS 222	Botany The study of the organs, tissues, functions and responses to environment of typical flowering plants and the morphology and life history of the major lower plant groups. Some classification of local forms is included, and limited use of the scanning electron microscope is available. Lecture/Lab Hours: Three hours lecture, four hours laboratory. Prerequisites: 100 or 111. Lab fee: \$60.	4	BIOS 352	Marine Biology Introduction to oceanography, marine plant and animal diversity, and ecological relationships. Research technology emphasized through field trip observation and group experimentation. Lecture/Lab Hours: Three hours lecture, four hours laboratory. Prerequisites: BIOS 100 and 110, or 112 and 112L. Lab fee: \$60.	4
BIOS 301	Vertebrate Biology The biology of vertebrates, stressing structure and function. Laboratory dissection of representative vertebrates (shark, mud puppy, cat) emphasizes comparative anatomy. When Offered: Alternate years. Prerequisites: 112. Fee: \$40.	3	BIOS 353	Environmental Ethics Investigation of contemporary problems in environmental stewardship including the use of renewable and nonrenewable natural resources, pollution, appropriate land use and development, third world concerns, and preservation of wild nature. In addition to developing a Christian environmental ethic from a stewardship perspective, the course considers such movements and issues as deep ecology and ecofeminism, animal rights, wilderness ethics, wildlife management, biodiversity, and agro-ecology. Emphasis on considering concrete, current ethical debate. Au Sable offering.	4
BIOS 303	Ecological Agriculture Environmental analysis of natural resources in relation to people and policy. Focus is on ethnobotany, ecological agriculture, and land stewardship. Employs a discussion format both in classroom and field settings. Emphasis on grappling with difficult practical and ethical problems. Pacific Rim offering.	4	BIOS 354	Bioethics The dilemmas of dangerous knowledge in environmental and medical activities are investigated, including stem cell research and applications, fetal tissue research, human gene manipulation, transgenic bioengineering, genetically modified crops, release of bioengineered organisms into natural ecosystems, and emerging disease, the ethics of environmental activism, and the religious roots of ethical values. This course uses a seminar format in which topics are presented by student teams including presentations, panel discussions, and debate. Current attempts to develop a theological basis for bioethics are considered. Pacific Rim offering.	4
BIOS 305	Global Development and Ecological Sustainability Environmental analysis and natural resources analysis in relation to society and developmental issues. Focus on ecological sustainability and sustainable society in the context of various factors that are bringing environmental degradation and impoverishment of people and cultures. Topics include tropical agriculture, hunger, poverty, international debt, appropriate technology, relief programs, missionary earthkeeping, conservation of wild nature, land tenure and land stewardship. Employs a discussion format grappling with difficult practical and ethical problems and issues that require deep and personal thought. Pacific Rim offering.	4	BIOS 355	Environmental Health: An Ecological Perspective Introduction to the fundamentals of environmental health, with an introduction to environmental epidemiology and environmental medicine. Environmental pollutants and their sources, effects of environmental pollution on the environment and public health, environmental control agencies, methods of pollution control, environmental law and policy, environmental and public health research agencies, environmental epidemiology, environmental medicine, and environmental stewardship are included. Field trips and lab assignments complement the materials covered in lectures. Au Sable offering.	4
BIOS 306	Land Resources Systems level perspective on landforms and ecosystems. Includes analysis and interpretation of field data, remote-sensing data derived from satellites and aircraft and geological information systems (GIS). Field trips to and analysis of forests, wetlands, lakeshores, and rivers. Includes application to policy and land use planning. Au Sable offering.	4	BIOS 362	Natural History of Southern California A field-oriented course to study and identify the common plants and animals found within the major plant and animal communities of Southern California. Lecture/Lab Hours: Two hours lecture, four hours laboratory / field, including one or two extended field trips. Prerequisites: 110 or 112 and 112L. Transportation fee: \$60.	3
BIOS 307	Water Resources (Limnology) Field study of lakes and other freshwater systems with applications to planning and management. Includes an introduction to limnology and investigation of representative lakes, streams, and wetlands of the region and compares the North American Great Lakes with other great lakes of the world and their stewardship. Au Sable offering.	4	BIOS 371	Conservation Biology Principles of conservation biology with applications to sustainable human society and biosphere integrity. An integrative approach to biology and society that interrelates population biology, ecological principles, biogeochemical cycles, ecosystem functions, and human society in the context of biospheric degradation. The course develops a stewardship perspective rooted in biological principles and directed at conservation of plant and animal species, biotic communities, ecosystems, and human society. Included are topics of human development, poverty, and economic growth. Au Sable offering.	4
BIOS 318	Biostatistics Prepares the student for biostatistical application essential to practice in evidence-based professions. Content includes: descriptive statistics; probability theory and rules; discrete and continuous probability distributions; sampling distributions; confidence intervals; hypothesis testing; experimental design; ANOVA; linear and multiple regression; contingency table analysis; non-parametrics; survival analysis; discussion of the use of statistics in journal articles. Credit given for only one of 210 and 318.	3			
BIOS 351	Invertebrate Biology Taxonomy and morphology of invertebrate phyla; laboratory dissection of invertebrates. Lecture/Lab Hours: Three hours lecture, four hours laboratory. Prerequisites: 100 and 110, or 112 and 112L. Lab fee: \$60.	4			

BIOS 372	Restoration Ecology Ecological and theoretical foundations for ecosystem and biotic community restoration. This course develops ecological principles for ecosystem restoration and applies them to redeeming and restoring degraded and damaged ecosystems and endangered species. Field studies include analysis of restoration and rehabilitation work with Kirtland Warbler, an officially designated wild river, coastal dunes, kettle-hole bogs, deforested lands, degraded residential and farming sites, and abandoned oil wells. A practical field laboratory is included in which techniques are applied to a specific site. Au Sable offering.	4
BIOS 390	Au Sable Institute of Environmental Studies Au Sable is a Christian institute focusing on field studies from a stewardship perspective. Biola is a participating member of the institute. Courses are taught at field stations in Michigan, Washington, Florida and India. Coursework taken through the institute can be counted as elective credit in the Biological Sciences, or may be substituted for specific major requirements. Prerequisites: Upper division standing and consent. May be repeated with different content for a maximum of 16 units.	4
BIOS 401	General Ecology An introduction to the general concepts of the ecology of populations, communities and ecosystems, including physiological ecology, speciation and evolutionary theory. Laboratory includes computer simulations, fieldwork and a research project. Prerequisites: 112 and 112L; MATH 210 or 318. Lab fee: \$60.	4
BIOS 402	Parasitology Taxonomy, life history, physiology, ecology, and morphology of animal parasites with emphasis on those affecting humans. When Offered: Alternate years. Lecture/Lab Hours: Three hours lecture, four hours laboratory. Prerequisites: 112, 112L. Lab fee: \$60.	4
BIOS 410	Topics in Environmental Science Selected topics in environmental science. Prerequisites: Upper division standing and consent. May be repeated with different content for a maximum of 8 units. Au Sable or Pacific Rim offering.	1-4
BIOS 430	Topics in Natural Resource Management Selected topics in natural resource management. Prerequisites: Upper division standing and consent. May be repeated with different content for a maximum of 8 units. Au Sable or Pacific Rim offering.	1-4
BIOS 470	Seminar in Advanced Biology Literature research followed by oral presentation, group discussion and evaluation; independent thought and study stressed. Prerequisites: Junior or Senior biological science major standing.	1
BIOS 480	Internship Professionally supervised participation in a research project at a laboratory facility or an industry. Documentation of the time spent and the activities performed as well as a written paper explaining the project are required. Prerequisites: Junior standing and consent. A minimum of thirty hours of involvement. May be repeated for a maximum of 2 units.	1

CONSERVATORY OF MUSIC

BIOLA UNIVERSITY 2010-2011 SUPPLEMENT

Faculty

Director

George Boespflug

Music, Bachelor of Arts in Music

PROGRAM REQUIREMENTS

The Bachelor of Arts degree in Music is offered upon completion of the university baccalaureate and major requirements. Total units: 40. Major requirements include:

Ensemble (4 semesters)

Electives (5 units, 300-level or above)

MUSC 141	Applied Music: Private MUSC 141 (4 UNITS REQUIRED)	Units: 1
MUSC 153	Sight-Singing & Dictation I	Units: 2
MUSC 154	Music Theory I	Units: 2
MUSC 163	Sight-Singing & Dictation II	Units: 2
MUSC 164	Music Theory II	Units: 2

A TOTAL OF 4 SEMESTERS REQUIRED FOR CONCERT MUSIC

MUSC 200	Concert Music	Units: 0
MUSC 300	Concert Music	Units: 0
MUSC 353	Sight-Singing & Dictation III	Units: 1
MUSC 354	Music Theory III	Units: 2
MUSC 363	Sight-Singing & Dictation IV	Units: 1
MUSC 364	Music Theory IV	Units: 2
MUSC 421	Applied Music: Private MUSC 421 (4 UNITS REQUIRED)	Units: 1
MUSC 410	Music Cultures of the World	Units: 3

Choose any three courses for a total of six units.

MUSC 307	Music History & Literature: Medieval Through Early Baroque	Units: 2
MUSC 308	Music History & Literature: Mid-Baroque Through Classic	Units: 2
MUSC 309	Music History & Literature: Late Romantic Through Early 20th Century	Units: 2
MUSC 312	Music Theory / History & Literature of the 20th Century	Units: 3

Note: Students must maintain a 2.0 GPA in the major and receive a minimum grade of C- in each required music course.

Courses (MUSC)

MUSC 001	Biola Chorale Performance of standard choral literature representing a variety of styles and periods. Membership by audition. Fee: \$125.	1
MUSC 002	Chamber Music Ensemble Encompasses a wide variety of chamber grouping and chamber music literature. The following ensemble combinations are commonly organized under this heading: brass quintet, woodwind quintet, flute ensemble, string quartet, percussion ensemble, piano chamber ensembles, small vocal ensembles, and worship bands. Open to vocal, keyboard and other instrumental students by audition. Piano accompanying is graded on a credit/no credit basis.	1
MUSC 003	Symphony Orchestra Performance of standard chamber music literature encompassing a wide variety of styles and periods. Membership by audition.	1
MUSC 005	Chamber Choir Performance of standard chamber choir literature representing styles ranging from the Renaissance through the 20th century. Membership by audition.	1
MUSC 007	Jazz Ensemble To provide music education majors and other interested students experience in jazz techniques and literature. A large volume and wide variety of literature is played, discussed and evaluated as to its prospective use at the various levels of secondary and collegiate education. At least one public performance per semester is scheduled. Membership by audition.	1
MUSC 008	Symphonic Winds Performance of standard wind ensemble literature. For advanced wind and percussion players. Membership by audition. Fee \$100.	1
MUSC 009	Handbell Choir Performance of a wide spectrum of handbell literature as separate ensemble and in conjunction with other instrumental and vocal ensembles. Membership by audition.	1
MUSC 010	Vocal Jazz Ensemble Performance of standard vocal jazz music representing the broad range of jazz styles which have developed over the past century in this country. Membership by audition.	1
MUSC 012	Women's Chorus Performance of a variety of literature and styles from Renaissance through the 20th Century. Membership open to all women students by audition. Fee: \$40.	1
MUSC 124	Sound Production I Training in the use of speakers, microphones, mixers, amps, computers, EQ's, preamps, and personal recording in worship settings.	1
MUSC 125	Sound Production II Exposure to live and studio sound technology; room acoustics, amplification, calibration, aspects of digital mixing. Coverage of a wide variety of recording equipment, techniques. Networking included. Prerequisites: 124.	1
MUSC 130	Advanced Guitar Class I Studies in various scales, major and minor triad/sevenths; reading of standard notation in open through 5th position. Fee: \$40.	1

MUSC 134	Advanced Guitar Class II Studies in various modes: upper extensions of major and minor chords; reading of standard notation in positions 6 through 11. Prerequisites: 130. Fee: \$40.	1	MUSC 217	Improvisation for Keyboardists: Concepts, Practices Focus on contemporary chords, voicings, and progressions; transposition; modulation; musical style. Hymns and worship choruses used as templates. Prerequisites: 153 and 154; 163 and 164.	2
MUSC 141	Applied Music: Private Applied instruction in composition, piano, organ, harpsichord, voice, brass, strings, woodwinds, percussion, conducting, and improvisation. Fee: half hour lesson \$330.	1	MUSC 251	Song Literature I This is the first of two semesters in the survey of song literature from the Middle Ages through the 20th century. This course will cover the history of solo song literature from the Middle Ages through the Classical period, and the history of the German lied from Schubert to Schonberg. Emphasis will be placed on how solo song influences or is influenced by major style trends of the various periods.	1
MUSC 142	Applied Music: Private Applied instruction in composition, piano, organ, harpsichord, voice, brass instruments, string instruments, woodwind instruments, percussion instruments, conducting, and improvisation. Fee: hour lesson \$660.	2	MUSC 252	Song Literature II This is the second of two semesters in the survey of song literature from the Middle Ages through the 20th century. This course will cover the history of French, British and American song from the 19th through the 20th centuries, as well as songs of prominent composers in the National schools.	1
MUSC 153	Sight-Singing & Dictation I Sight-singing diatonic melodies, major and minor scales and triads using moveable tonic solfege. Transcribing basic diatonic melodies, cadences and progressions. Reading, performing and transcribing rhythmic patterns in simple, compound and irregular meters.	2	MUSC 253	Lyric Diction III Lyric diction is taught in four semesters. All courses are 1-unit lab courses meeting two hours per week. These courses are geared for students studying classical vocal technique whose vocal repertoire consists of foreign language as well as English, and who, therefore, must learn to accurately pronounce and articulate foreign languages, and to know the meaning of every word in the text in order to convey it accurately. In the third semester (MUSC 253) French diction and grammar will be covered. Prerequisites: 152.	1
MUSC 154	Music Theory I The study of the following music fundamentals: elementary acoustics, keyboard layout, intervals, scales, key signatures, triads, figured bass, diatonic voice-leading, cadences, elementary harmonic progressions, meter, rhythm, time signatures and staff notation.	2	MUSC 254	Lyric Diction IV This semester will be a review of the pronunciation and grammar of all languages covered in the first three semesters, and will cover the pronunciation of Latin and Spanish, as well as the proper pronunciation and articulation of the English language. Prerequisites: 253.	1
MUSC 163	Sight-Singing & Dictation II Using 153 materials as a foundation, this course will encompass the sight-singing and transcribing of diatonic and simple chromatic melodies with greater rhythmic complexity, triads in all inversions, dominant seventh chords and altered non-harmonic tones.	2	MUSC 260A	Keyboard Sight Reading Analysis of sight reading skills and procedures. Emphasis on development of ability to read with musical understanding and adequate fluency at first sight. Prerequisites: Consent of instructor.	1
MUSC 164	Music Theory II A study of common-practice diatonic harmony with emphasis on voice leading and harmonic progression. Includes part writing, non-harmonic tones, cadences, figured bass and Roman analysis.	2	MUSC 260B	Keyboard Sight Reading Analysis of sight reading skills and procedures. Emphasis on development of ability to read with musical understanding and adequate fluency at first sight. Prerequisites: Consent of instructor.	1
MUSC 200	Concert Music Attendance at specified number and types of concerts each semester. Four semesters required for graduation. Graded on a credit / no credit basis.	0	MUSC 270	Song Writing I Craft imagery, rhymes, melodies; set words to rhythms; use power progressions, harmonic colors; achieve contrast within the verse, chorus, and bridge format.	2
MUSC 205	Introduction to Music Education Introduces prospective music teachers to the history, philosophy and function of music education within the setting of general education in American society. Cultural diversity, ethics as related to copyright and computer use, the development of the musical child and the pedagogies of Kodaly, Orff, Dalcroz, Suzuki and Gordon are explored. A strong emphasis is placed on the philosophy of education as the basis of design and implementation for appropriate music instruction at levels of public school instruction. Students investigate and discuss current educational practice, including standards, testing and assessment, as well as current issues and concerns. Students complete three school observations, one each at the elementary, middle and high school levels. Includes 12 hours of attendance at a recognized music professional workshop, clinic or conference. Students study the "National Standards for Arts Education" and the "California Visual and Performing Arts Framework".	2	MUSC 271	Song Writing II Continuation of Song Writing I. Craft imagery, rhymes, melodies; set words to rhythms; use power progressions, harmonic colors; achieve contrast within the verse, chorus, and bridge format. Prerequisites: 270	2
MUSC 211	Improvisation for Non Keyboardists: Concepts / Practices A skill improvement course focusing on rhythmic freedom and melodic embellishment. Hymns and worship choruses used as templates. Prerequisites: 153, 154; 163, 164.	2	MUSC 280	Performance Seminar Group performance, discussion of performance practice and performance evaluation. Possible sections of voice, piano, organ and various wind and orchestral instruments. May be repeated for up to 3 units in the same area of performance.	1

MUSC 281	Movement & Dance for Musical Theatre The study of specific styles of movement used in musical theatre performance. Included will be tap, jazz and a combination of other basic dance styles common to musical theatre performance. This activity class requires a fee and does not meet the general education requirement in Physical Education.	1	MUSC 328	General Music Methods An introduction to teaching general music in both elementary and secondary school situations in accordance with national and state standards for music education.	2
MUSC 287	Hymnology Exploration of theological and narrative content of major classic and modern hymns. Memorization of several hymns, and learning ways to communicate content effectively.	1	MUSC 330	Contemporary Music Issues One or more courses offered periodically in such areas as: arranging, songwriting, performance practice, electronic technology. An analysis and activity course that examines contemporary music as it relates to composing, arranging and performing in pop and jazz styles. Issues addressed will include pop and theatre songwriting, vocal and small instrumental ensemble arranging and the performance of contemporary styles as they relate to their use in school and church settings. Prerequisites: 163, 164 or department permission. May be repeated with different content.	1-3
MUSC 300	Concert Music Attendance at specified number and types of concerts each semester. Three semesters required for graduation. Graded on a credit / no credit basis.	0	MUSC 332	Music for Children Pre-professional course designed for music majors who plan to qualify for the state K-12 single subject teaching credential in music. Students learn and practice skills important for teaching elementary music lessons. Explores the history and philosophy of American music education, emphasizing influences of Dalcroze, Kodaly, Orff and Suzuki.	2
MUSC 307	Music History & Literature: Medieval Through Early Baroque A historical and critical study of the period including important contributions in music literature, theory and performance practice. Special attention will be given to the analysis of selected vocal and instrumental works. Fee: \$40.	2	MUSC 340	Special Studies: Theory / Composition One or more courses offered periodically in such areas as arranging, jazz theory, advanced computer music. Prerequisites: 363, 364.	2-3
MUSC 308	Music History & Literature: Mid-Baroque Through Classic A historical and critical survey of the period including important contributions in music literature, theory and performance practice. Special attention will be given to the analysis of selected vocal and instrumental works. Fee: \$40.	2	MUSC 341	Counterpoint Emphasis on 18th century two- and three-voice techniques. Analysis of representative literature and writing of short style pieces. Prerequisites: 363, 364.	2
MUSC 309	Music History & Literature: Late Romantic Through Early 20th Century A historical and critical survey of the period including important contributions in music literature, theory and performance practice. Special attention will be given to the analysis of selected vocal and instrumental works. Fee: \$40.	2	MUSC 342	Orchestration A study of orchestral instruments with emphasis on a working knowledge of ranges and idiomatic qualities / capacities of each. Included are numerous scoring projects. Prerequisites: 363, 364.	2
MUSC 310	Elementary Music Workshop Instruction in materials for teaching music in the elementary school. (Non-music majors, by permission.)	2	MUSC 343	Form & Analysis I The analysis of music from the various common practice periods, with emphasis on fundamental formal structural concepts and processes. Prerequisites: 363, 364.	2
MUSC 312	Music Theory / History & Literature of the 20th Century The study of 20th century theory practice and compositional techniques within the context of the broad range of 20th century music literature. Fee: \$40.	3	MUSC 344	Analysis of 20th Century Music Focuses on developing tools for practical analysis of 20th Century music. Class time will be spent discussing and exercising some of the many styles and techniques developed in that period, along with approaches for interpreting and reproducing.	2
MUSC 320	Music Education A. Brass; B. Percussion; C. Strings; D. Woodwinds. Preparation for teaching instrumental music in elementary and secondary schools.	1	MUSC 346	Pop Theory for Contemporary Worship I Knowledge and use of standard and emerging pop symbols. The creation of worship charts, lead sheets, chord substitutions, simplified hymn harmonizations, modulations, segues, intros, outros, turnarounds. Music in Worship majors only.	2
MUSC 320G	Marching Band Lab Workshop in preparation for teaching marching band principles and techniques in the intermediate and secondary schools.	1	MUSC 347	Music Technology & Production Emphasis on synthesizers, sampling, MIDI, sequencing, acoustics, multi-track hard disk recording, effects processing, mixing, editing, and music production software.	2
MUSC 323	Basic Conducting Basic conducting skills; the psychology of conducting; observation of choral and orchestral rehearsals.	2	MUSC 348	Vocal & Instrumental Arranging for Schools An introduction to principles and practices of arranging music for choral and instrumental groups with emphasis upon producing arrangements suitable for K-12 ensembles. Prerequisites: 364.	2
MUSC 324	Advanced Studies in Conducting One or more sections offered periodically in the areas of choral and instrumental conducting. Continuation of the objectives of MUSC 323 related specifically to the technical and interpretative skills of either choral or instrumental conducting. Prerequisites: 323.	2			

MUSC 349	Pop Theory for Contemporary Worship II Knowledge and use of standard and emerging pop symbols. The creation of worship charts, lead sheets, chord substitutions, simplified hymn harmonizations, modulations, segues, intros, outros, and turnarounds. Emphasis on writing arrangements and projects which incorporate the above features.	1	MUSC 382	Church Music Leadership: Administration Planning and organizing worship services and other church events involving music. Conducting music ensembles and congregational singing. Working with the pastoral staff and volunteers. Communication skills. Emphasis will be placed on ethnic and multicultural contexts.	3
MUSC 350A	Advanced Keyboard Skills This course is designed to teach church service playing skills at an advanced level to pianists and organists. Areas of work include: harmonization, transposition, modulation, improvisation, hymn playing, accompanying (solo and choral) and repertoire.	1	MUSC 383	Congregational Music Hymns, songs, praise and worship music, ethnic music, accompaniments.	3
MUSC 351	Keyboard Orchestration Sequencing. Application of presets and samples to worship songs. Creating and performing complementary parts (string, synth, percussion, and B3 sounds) for sound tracks.	2	MUSC 384	Church Music Literature Choir, keyboard instruments, drama resources, art, symbolism, banners, audio-visual techniques. Emphasis will be placed on ethnic and multicultural contexts.	2
MUSC 353	Sight-Singing & Dictation III This course centers on the application of sight-singing and dictation skills acquired in 153 and 163, with particular focus on dominant and non-dominant seventh chords, altered non-harmonic tones, secondary dominants and chromatic melodies.	1	MUSC 386	Spiritual Formation & Worship Introduction into the nature of spiritual formation and its relationship to worship in personal and corporate settings. Emphasis on the nature of spiritual growth, psychological hindrances, and the dynamics of assisting others into true, meaningful worship. Contains a spiritual direction component with Biola's Center for Spiritual Renewal. Music in Worship majors only.	2
MUSC 354	Music Theory III This is the final semester of common-practice diatonic harmony. Emphasis is on voice leading and harmonic progressions including altered dominants, borrowed chords, the Neapolitan Sixth chord, augmented chords and modulation.	2	MUSC 387	Designing & Leading Worship How to craft a theological, relevant service; overseeing the sound and media; clarifying the role of visuals; building the team and managing rehearsals; working with the band; relating to pastor. Emphasis on skill development and student projects. Music in Worship majors only.	2
MUSC 360	Piano Accompanying Study and performance of piano accompaniment for vocal and instrumental literature; discussion of styles and performance practices; experience in public performance. May be repeated one time for credit.	2	MUSC 390	Opera Workshop The study and performance of chamber operas, one-act operas, scenes from major operas and selected Broadway musicals. Open to all students by audition.	1-3
MUSC 361	Advanced Music Technology and Film Scoring Advanced studies in sequencing and sound editing and how these tools directly compliment the film-scoring process. Students will be required to write music for actual films/ film clips. Prerequisites: 347 but may be waived with area coordinator signature.	2	MUSC 394A	Music / Opera Theater: Acting for Singers This course is designed to develop acting skills in singers who wish to perform on the lyric stage. Students will be taught techniques for text and character analysis and will explore various music-theatre styles through observation and improvisation, and will apply these concepts to the performance of excerpts from contemporary music theatre and opera repertoire.	2
MUSC 363	Sight-Singing & Dictation IV This course centers on the application of sight-singing and dictation skills to complex diatonic and chromatic and modulating melodies, dominant and non-dominant seventh chords, altered non-harmonic tones, secondary dominants, the Neapolitan Sixth chord, and augmented sixth chords.	1	MUSC 394B	Music / Opera Theater: Acting for Singers This course is designed to develop acting skills in singers who wish to perform on the lyric stage. Students will be taught techniques for text and character analysis and will explore various music-theatre styles through observation and improvisation, and will apply these concepts to the performance of excerpts from contemporary music theatre and opera repertoire.	2
MUSC 364	Music Theory IV This course is centered on the study of chromatic harmony of the 19th century; Impressionism, and other early 20th century practices; contemporary popular harmonic practice and its symbols.	2	MUSC 410	Music Cultures of the World An introductory study of the interrelationships between music and culture through the examination of the music of varying cultures. Basic elements of music as they are found in world cultures will be studied. Fee: \$30. Junior and senior music majors only.	3
MUSC 370	Junior Recital Preparation for Junior level applied major 30-minute recital. Graded on a credit / no credit basis. Fee: \$40.	0	MUSC 420	Special Studies in Music Literature An in-depth study of music literature as it relates to specific instruments, ensembles, periods of history, geographical locations, individual composers or ethnic groups. One or more sections offered every year in areas such as piano literature, organ literature, instrumental literature (strings, woodwinds, brass, percussion instruments), instrumental or choral literature for schools, American music, the symphony, the string quartet, the concerto, the sonata, etc.	2
MUSC 380	Performance Seminar Group performance, discussion of performance practice and performance evaluation. Possible sections of voice, piano, organ and various wind and orchestral instruments. May be repeated for up to 3 units in the same area of performance.	1			
MUSC 381	Church Music Principles: Philosophy & Practice Music of the Bible. Music in ethnic and multicultural churches.	3			

MUSC 421	Applied Music: Private Applied instruction in composition, piano, organ, harpsichord, voice, brass, strings, woodwinds, and percussion. Fee: half hour lesson \$330.	1
MUSC 422	Applied Music: Private Applied instruction in composition, piano, organ, harpsichord, voice, brass, strings, woodwinds, and percussion. Fee: hour lesson \$660.	2
MUSC 423	Applied Music: Private Applied instruction in composition, piano, organ, harpsichord, voice, brass, strings, woodwinds, and percussion. Fee: hour lesson \$660.	3
MUSC 430	Pedagogy For the private teacher. Practical procedures in training a student in general musicianship, memorization, proper practice habits, sight-reading and other areas peculiar to specific instruments. Survey of graded literature and methods. Sections will be offered in areas such as: piano, organ, voice, wind and orchestral instruments.	2
MUSC 440	Church Music The biblical foundation for church music; its historical development; current trends; the development of a church music program.	2
MUSC 450	Music Practicum Fieldwork experience in music under the supervision of the music faculty and professionals in the field. Open to junior and senior music majors with the consent of the music faculty.	1-3
MUSC 452	Worship Music Seminar Professional music ministers, musicians, theologians and pastors will share views on worship with opportunity to dialogue with guest speakers. Music in Worship majors only. Graded on a credit / no credit basis.	0
MUSC 453	Worship Internship A supervised ministry experience limited to juniors and seniors. Growth through direct field experience, mentoring, reflection, feedback and evaluation by the local church supervisor and Biola faculty. Best taken concurrently with other classes and spread out over 1-3 semesters. May be taken in blocks of 1-6 units. Music in Worship majors only.	1-6
MUSC 470	Senior Recital / Final Project Preparation for senior-level music education major (30-minute recital). Graded on a credit / no credit basis. Fee: \$60.	0
MUSC 480	Directed Research Independent study in areas such as history, literature, pedagogy, church music. Each student assigned to a faculty member for guidance and evaluation. Prerequisites: junior or senior standing and consent of instructor.	1-3
MUSC 482	Music Research Methods This course is designed to develop the student's music research skills and to provide opportunity for individual research projects in preparation for the intellectual demands of graduate-level studies.	2
MUSC 490	Senior Recital Preparation for senior-level performance major (60-minute recital). Graded on a credit / no credit basis. Fee: \$60.	2

NURSING

Faculty

Director

Susan E. Elliott

29

BIOLA UNIVERSITY 2010-2011 SUPPLEMENT

Courses (NURS)

- NURS 341** Mental Health Nursing of the Client/Family—Theory 2
Concepts related to family centered nursing of adults with mental health problems. Focus is on application of the nursing process to restore adaptive equilibrium. Prerequisites: 202, 204. Class can be challenged for the units listed.
- NURS 343** Mental Health Nursing of the Client/Family—Clinical 2
Clinical application of the nursing process with clients in mental health settings. To be taken concurrently with NURS 340A—Theory. Graded on a credit/no credit basis. Must earn at least a "C" (2.00) for credit. Class can be challenged for the units listed.
- NURS 365** Advanced Nursing:
A Pathophysiological Approach—Clinical 2.5
Clinical application of the nursing process in providing complex care to multicultural clients in the acute medical-surgical setting. To be taken concurrently with NURS 364A—Theory. Graded on a credit / no credit basis. Must earn at least a "C" (2.00) for credit. Fee: \$40. Class can be challenged for the units listed.
- NURS 368** Critical Care Nursing:
A Pathophysiological Approach—Clinical 2.5
Clinical application of the nursing process in providing complex care to multicultural clients in a critical care setting. To be taken concurrently with NURS 366A—Theory. Graded on a credit / no credit basis. Must earn at least a "C" (2.00) for credit. Class can be challenged for the units listed.
- NURS 462** Nursing in the Community—Clinical 4
Clinical application of the nursing process with individuals, families and communities to promote and maintain adaptive equilibrium. To be taken concurrently with Nursing 460A—Theory. Graded on a credit / no credit basis. Must earn at least a "C" (2.00) for credit. Fee: \$40.

ACADEMIC CALENDAR

Summer Session 2010

MAY 31

- Memorial Day Holiday observed (Monday – no classes)

JUNE 1-JUNE 18

First Session (3 weeks)

- Undergraduate and graduate courses

JUNE 14-18

- Psychology graduate comprehensive examinations

JUNE 1-11, 14-25

- Doctor of Ministry Residency cohort classes

JUNE 21-JULY 23

Second Session (5 weeks)

- Undergraduate and graduate courses

JUNE 27-JULY 11

- M.A. Christian Apologetics Distance Learning Residency
- M.A. Science and Religion Distance Learning Residency

JULY 4-5

- Independence Day Holiday (Monday – no classes)

JULY 11-24

- M.A. Organizational Leadership Distance Learning Residency

JULY 26-AUGUST 17

- WebReg Fall Registration begins for all continuing students

JULY 30

- MBA Summer trimester ends

AUGUST 2-6

- Psychology graduate comprehensive examinations

Fall Semester 2010

AUGUST 16

- BEPE (Biola English Placement Exam)

AUGUST 16-19

- New International Student Orientation

AUGUST 17

- Down Payment due for Fall 2010

AUGUST 17-19

- University Faculty Conference

AUGUST 18-SEPTEMBER 7

- Late WebReg, continuing students

AUGUST 20

- New students arrive on campus

AUGUST 20-24

- Orientation for new undergraduate students

AUGUST 21

- Residence Halls open for returning/continuing students
- New International Student Orientation

AUGUST 23

- ELSP Registration Orientation
- MBA Fall Trimester begins

AUGUST 25

- Classes begin
- Convocation
- Claim housing assignment by noon

AUGUST 25-SEPTEMBER 7

- Late WebReg, all students

SEPTEMBER 2

- ELSP New Student Orientation

SEPTEMBER 6

- Labor Day Holiday (Monday – no classes)

SEPTEMBER 7

- Last day to complete registration

SEPTEMBER 10

- Last day to add new classes

SEPTEMBER 13-17

- Spiritual Renewal Week (regular classes meet)

OCTOBER 4

- Day of Prayer
(special chapel with regular class schedule for all students)
- Faculty Town Hall Meeting

OCTOBER 12 AND 14

- Talbot's Lyman Stewart Memorial Lectures

OCTOBER 20-22

- Torrey Memorial Bible Conference (special schedule of workshops and meetings in place of regular class schedule for all students)

OCTOBER 22

- Last day to withdraw from classes; last day to receive a refund when dropping a class

- Martin Luther King, Jr. Day Observed (Monday – no classes)

JANUARY 21

- Final day of instruction

Spring Semester 2011**JANUARY 25**

- Down payment due for Spring 2011

JANUARY 26

- BEPE (Biola English Placement Exam)

JANUARY 26-FEBRUARY 7

- Late WebReg, continuing students

JANUARY 27

- ELSP Registration Orientation

JANUARY 27-28

- Orientation for new students

JANUARY 29-FEBRUARY 7

- Late WebReg, all students

JANUARY 31

- Classes begin
- Convocation
- Claim housing assignment by noon

FEBRUARY 7

- Last day to complete registration

FEBRUARY 10

- ELSP New Student Orientation

FEBRUARY 11

- Last day to add new classes

FEBRUARY 13-14

- Spring Preview Day (7:30 a.m. to 4:00 p.m. Monday, regular classes meet – no exams)

FEBRUARY 21

- Day of Prayer
(special chapel with regular class schedule for all students)

FEBRUARY 25

- Biola's 103rd Birthday

MARCH 1, 3

- Robert Saucy Lectures

MARCH 8

- Faculty Town Hall Meeting

MARCH 16-18

- Missions Conference (special schedule of workshops and meetings in place of regular class schedule for all students)

MARCH 25

- Last day to withdraw from classes; last day to receive a refund when dropping a class

APRIL 4-15

- Academic Advising for Fall Course Selection

APRIL 8

- MBA Spring trimester ends

APRIL 11

- Faculty Town Hall Meeting

APRIL 11-13

- Contemporary Issues Lecture Series

APRIL 18

- MBA Summer trimester begins

APRIL 18-MAY 20

- Registration for Summer Session and Course Selection for Fall semester

APRIL 22

- Good Friday Holiday (no classes)

APRIL 22-MAY 1

- Easter Recess (classes resume 7:30 a.m., Monday, May 2)

MAY 3

- First draft theses for master's degrees due to advisor (December graduates)

MAY 23-27

- Late registration for Summer and Late Course Selection for Fall semester
- Final Exam Week; undergraduate

MAY 27

- Final day of instruction
- Commencement; Graduate students and BOLD

MAY 28

- Commencement; Undergraduate students

Summer Semester 2011**MAY 23-JUNE 24**

- Doctor of Ministry Residencies

MAY 29

- Move into summer housing

MAY 30

- Memorial Day Holiday Observed (Monday – no classes)
