Admission Requirements

Admission Requirements

All students seeking admission must demonstrate musical background and the strengths in performance and/or composition necessary for successful completion of the stated curriculum. Admission into Biola University does not guarantee admission into the Conservatory as a music major. A student will be admitted to the Conservatory of Music after:

1. Meeting requirements for University admission.
2. Completing a Conservatory application with the required number of references.
3. Completing a Conservatory audition, including a basic musicianship examination designed to demonstrate university level music study readiness.

After acceptance and upon entrance, students will be given placement examinations and auditions in music dictation, keyboard skills and performance. These examinations are given for the purpose of validating prior study and determining proper placement in music courses. Specific information concerning the content of these examinations and suggestions for preparation are available by contacting the Conservatory Office.

Program Requirements

Transfer of Credits

Most courses taken at other regionally accredited colleges and universities in the United States will be accepted on a comparable course basis. The following core courses will transfer directly:

- Theory I and II (MUSC 154 and MUSC 164)
- Musicianship I, II, III, and IV (MUSC 153, MUSC 163, MUSC 353, and MUSC 363)
- Introduction to Piano and Keyboard Skills I (MUSC 100 and MUSC 118)

In order to pass out of Theory III (MUSC 354) or Keyboard Skills II (MUSC 119), the student must display proficiency by achieving favorable scores on the Theory and Keyboard placement surveys.

No credit(s) will be given for waived courses. Waiver of courses on the basis of placement surveys without comparable prior course credit will increase elective credits required.

Credit for courses taken at a non-accredited college or university will be granted only through placement or challenge surveys.

Applied Music

In order to graduate, music students must reach primary applied proficiency level standards designated for each degree program. Applied Music lessons are guided by faculty or studio artists who have expertise and professional experience in either the voice or instrument under study, or in composition. Studio artists are affiliated with Biola via "special employee" contracts and thus do not undergo the same process for hire as do faculty. The studio artists are all highly competent individuals who appreciate Biola and endorse the goals of the Conservatory. For more information, see the Conservatory Office.

GPA Requirements

Students in the degree program must maintain a 2.0 GPA in the major and receive a minimum grade of C in each required course.

Curriculum Requirements

Integration Seminar Requirement
