

MASTER OF PROFESSIONAL ACCOUNTANCY, MPACC

Prior to Fall 2022, the Master of Professional Accountancy (<http://catalog.biola.edu/csb/mpacc/MPAC/>) was offered without a specialization. It has been revised with two specialization options now offered: Professional Accountancy in Business Analysis and Reporting, and Professional Accountancy in Tax Compliance and Planning.

Mission

The mission of the Crowell School of Business Master of Professional Accountancy (MPAcc) is to provide biblically centered education to train and equip accounting professionals to impact their profession and the world for the Lord Jesus Christ.

Description

The Master of Professional Accountancy (MPAcc) is a 33-credit program specifically designed to prepare students for the profession of accountancy. Students will complete a core curriculum including accounting, tax, and analytics. In addition, students will choose one of the following specializations:

- Business Analysis and Reporting (<http://catalog.biola.edu/csb/mpacc/MPBR/>)
- Tax Compliance and Planning (<http://catalog.biola.edu/csb/mpacc/MPTC/>)
