

SCHOLARSHIPS

Restricted Scholarships

Restricted scholarships are funds created by donations to Biola by individuals or organizations who may determine some of the eligibility requirements that students must meet in order to become recipients. These scholarships are primarily given to continuing students. Those interested in applying should contact the Financial Aid Office (<https://www.biola.edu/financial-aid/>) or their academic department with questions regarding their eligibility and the application process.

Please note that this list is subject to change based on the availability of funds per year.
