

APPLIED STATISTICS AND DATA SCIENCE MINOR

Mission

The mission of the Statistics and Data Science program is to equip students from different majors to obtain valid data and use it to answer the questions they face on the job and in the world, with a biblical worldview.

Curriculum Requirements

An Applied Statistics and Data Science minor (<https://www.biola.edu/degrees/u/applied-statistics-data-science-minor/>) is offered with the completion of 18 credits, at least 9 of which must be upper-division. A minimum of 9 credits must also be unique to the minor (not counted toward any other requirements, including minoring in the same department as the major).
