

BIBLE, THEOLOGY, AND MINISTRY, B.A.

Mission

The mission of the Bachelor of Arts in Bible, Theology, and Ministry (<https://www.biola.edu/degrees/u/bible-theology-ministry-ba/>) is to provide the student with a foundational knowledge of the history, literature, and theology of the Old and New Testaments, of systematic and historical theology, and of approaches to ministry – equipping men and women in mind and character to impact the world for the Lord Jesus Christ via entry-level professional ministries in church and parachurch agencies and providing a foundation for seminary or other graduate education.

Degree Program

A Bachelor of Arts in Bible, Theology, and Ministry is offered upon the completion of the University baccalaureate and major requirements. Obtaining a degree with this major requires completion of 12 credits of Bible, Theology, and Ministry (BTM) core classes and the selection and completion of a specific concentration made up of an additional 30–46 credits. Some of the concentrations require that 12 credits of a biblical language (either Greek or Hebrew) be completed as part of the student's Core Curriculum component; the other concentrations hold to the University's usual B.A. requirement of 8 credits of a modern foreign language.

The concentrations offered in the Bible, Theology, and Ministry, B.A. are listed below, with further details in the Requirements section.

Specialization Options

A student with a Christian Ministries concentration must choose one of the five specializations reflecting a broad variety of ministry options in this field: Children and Family, Diversified, Early Childhood Education, Nonprofit Leadership, or Youth. The Diversified specialization allows the student to design a program that best suits his/her vocational interests.

Children and family

Vocational opportunities with this specialization include children's director or minister in a local church, a staff member with organizations that minister to children in the United States or on a mission field, or a writer of programming materials and curriculum for use with children and preschoolers.

Code	Title	Credits
CEED 433	Family Ministries in the Church	3
CEED 479	Programming for Christian Ministries	3

Diversified

This option is for those who wish to design a specialization unique to their interests. Students interested in areas such as ministry-based camping, counseling, music and worship arts, intercultural ministry, media ministry, and the like will find an opportunity to integrate ministry training with those particular fields of study. Students in the BBCL 4+1 accelerated master's program have this specialty with two graduate-level electives taken in the senior year.

Code	Title	Credits
Electives in potential ministry area (e.g., music, media, art, etc.)		3

Early Childhood Education

This specialization seeks to provide an introduction to the administration of education-based ministry programs specifically focused on early childhood.

Code	Title	Credits

LEDU 335	Child Development: Birth through Adolescence (prerequisite waived by student's completion of CEED 242)	3

LEDU 357	School/Family/Community Partnerships in Early Childhood Urban Settings	3

LEDU 358	Classroom Management in Early Childhood Settings

Vocational opportunities with this specialization include service in ministry settings that require key, practical business competencies and skills greater than the traditional church ministry role.

Code	Title	Credits
BUSN 240	Principles of Management	3
BUSN 480	Non-Profit Management (BUSN 240 is a prerequisite for this course)	3

B.A. to M.A. Programs

Biblical and Pastoral Ministry

Built upon the Bible, Theology, and Biblical Languages concentration (see above), this concentration is designed to prepare students to pursue the accelerated BA-MA in Biblical and Pastoral Ministry. Upon successful completion of the Biblical and Pastoral Ministry concentration, students may enter into the Biblical and Pastoral Ministry specialization in the M.A. in Christian Ministry and Leadership (M.A.C.M.L.), and complete it in an accelerated format. The Biblical and Pastoral Ministry concentration is a specialized concentration that allows students to begin taking graduate courses in the senior year, and thus complete a B.A. and an M.A. faster.

Admission into Biola University does not guarantee admission into the Biblical and Pastoral Ministry concentration of the B.A. in Bible, Theology, and Ministry. Entry into this concentration requires the student to do the following:

1. Students can begin their Biola education in this concentration; current Biola students can submit an application to the undergraduate division of Biblical and Theological Studies to change into this concentration.
2. Students are encouraged to be involved in some form of Christian service demonstrating a sense of call or desire to pursue ministry.

The senior year of this concentration includes both graduate and undergraduate courses. In order to begin the senior year portion of the concentration, students must complete the following:

1. Maintain adequate involvement in the program's co-curricular mentoring and spiritual formation activities.
2. Continued involvement in Christian service.
3. Failure to earn a B or higher in one or more of the following courses will result in the student not receiving advanced standing credit in

the M.A.C.M.L.B.P.M.: BBST 103, BBST 165, BBST 209, BBST 210, BBST 251, BBST 312, BBST 354, BBST 413, BBST 414, two BBST 300/400 electives; and the biblical language sequence (i.e., in Greek: BLGR 101, BLGR 102, BLGR 201, BLGR 202; or in Hebrew: BLHE 101, BLHE 102, BLHE 201, BLHE 202/TTOT 722).

4. Apply and be admitted to Talbot's M.A. in Christian Ministry and Leadership with a specialization in Biblical and Pastoral Ministry program. One of the required letters of recommendation must come from the director of the accelerated master's degree programs.

Students who are not admitted into Talbot's M.A.C.M.L.B.P.M. may continue in the Bible, Theology, and Biblical Languages concentration in the B.A. in Bible, Theology, and Ministry program, where no credits will be lost or wasted.

NOTE: The course sequence table is designed by the major department and is one way that the classes will work out properly in sequence for your major. However, there are alternative or flexible ways to rotate some of the classes within the same year/level and sometimes between year levels. Please contact your major department advisor to discuss flexible alternatives in scheduling the sequence of your classes.

Taking coursework during the summer session may also be an option to accelerate your degree path.

See Core Curriculum Program section (<http://catalog.biola.edu/general-information/undergraduate-core-curriculum-program/>) for a list of approved Core Curriculum courses.
