

THEOLOGY: SYSTEMATIC (TTTH)

Objectives

It is the purpose of these courses in systematic theology is to give the student a thorough grasp of the great doctrines of the Christian faith. Based upon the Scripture as the ultimate source of authority, the doctrines are developed through the systematic examination and integration of relevant Scriptures with consideration given to doctrinal interpretations throughout Church history. Along with the acquisition of a knowledge of the theological doctrines of the Scriptures, it is the goal of the department to develop in the students a facility which will allow them to continue their own theological development.
